

# RESHINE

## Polishing Cream for Marble, Limestone, Travertine

**DESCRIPTION:** **RESHINE** is a highly effective, professional grade stone polishing cream to restore, re-polish & maintain worn polished calcium based stone eg: marble, limestone, travertine and cement based terrazzo. It will remove light etch marks, surface scratches, traffic wear patterns & produce an even glossy reflective finish. For calcium based stone eg: marble, limestone, travertine, cement based terrazzo where a smooth polished finish is desired.

**SURFACE USE:** For calcium based stone e.g: marble, limestone, travertine and cement based terrazzo where a smooth polished finish is desired.

**TEST FIRST:** Always test first in an inconspicuous area to determine ease of application, dilution rate, colour stability and desired results. End user must determine suitability of product for their own use.

**PRECAUTIONS & SAFETY DIRECTIONS:**

1. Read entire label, SDS & product technical bulletin before using;
2. Wear appropriate gloves, skin & eye protection and use in a well ventilated area or use an appropriate mask;
3. Use when surface temperature is between 4°C and 32°C.
4. Do not allow product to come in contact with any non-recommended surfaces;
5. Surface must be clean and free of all surface sealers and coatings;
6. Shake well before using as product can settle.

**EQUIPMENT REQUIRED:**

1. Pure soft cotton or terry towel cloths;
2. Absorbent paper towels;
3. Variable speed hand held buffer & a soft bonnet for larger or quicker results ;

**4. RESHINE**

**HOW TO USE:**

1. **SHAKE WELL BEFORE USING;**
2. Apply a small amount of **RESHINE** (1-2 tablespoons) directly to etched or scratched area;
3. Mist a small amount of water onto Re-Shine™
4. Buff with soft cotton or terry towel until cream becomes clear and nearly dries;
5. **DO NOT ALLOW TO DRY ON SURFACE**
6. Re-wet surface with plenty of water to flush;
7. Polish completely dry with clean towels;
8. Repeat the process as necessary;
9. For larger areas or quicker results, you may use a variable speed hand held buffer with a soft bonnet or a white polishing pad.

**LIMITATIONS:**

- Not suitable for black or green marble or granite, ceramic or porcelain tiles;
- Natural stone that is in highly damaged or worn condition will require restoration by diamond grinding.

**STAIN RESISTANCE & ONGOING MAINTENANCE**

After re-polishing surface, seal the area with a suitable sealer in order to provide stain resistance and ease the ongoing maintenance.

- **AQUA-SEAL GOLD+** for a natural look and premium stain protection;
- **ENHANCE'N'SEAL** for an colour enhanced look and premium stain protection;

**COVERAGE:**

Approximately 0.5m<sup>2</sup> per 125ml bottle. The coverage will vary depending on severity of the problem.

For large areas use **POLISH PRO** or **5X PRO**

**HANDLING, STORAGE & CLEAN UP:**

- Close container tightly after each use and keep upright;
- Store locked up in original container in a well ventilated cool area and protect from sunlight;
- Do not re-use container. Rinse and discard in rubbish;
- Clean tools and clothing with water before they dry;

**FIRST AID:**

Contact a doctor or Poisons Information Centre (Australia Ph: 131-126, NZ Ph: 0800 764766) or a doctor. If swallowed, do NOT induce vomiting. Immediately give at least 3-4 glasses of water. If in eyes, hold eyelids apart and flush the eye continuously with running water. Continue flushing until advised to stop by the Poisons Information centre or a Doctor, or for at least 15 minutes. If skin or hair contact occurs, remove contaminated clothing and flush skin and hair with running water. If irritation persists, seek medical attention. In case of accident.

**SAFETY PRECAUTIONS:**

- Wear protective gloves and skin & eye protection;
- Avoid contact with skin & eyes.
- Do NOT breath in fumes.

**HOW TO USE QUICK GUIDE:**

**Quick Guide for Removing Etch Marks or Polishing Stone (Small Areas) with Re-Shine™**  
 To remove light scratches, etch marks, traffic wear patterns and create an even glossy reflective finish.  
 Note: Read entire label, technical bulletin and SDS before using. Always do a test area first.

**Step 1** Apply a small amount of Re-Shine directly to etch or scratched area

**Step 2** Mist a small amount of water then buff with soft cotton or terry towels.

**Step 3** Buff until cream becomes clear & nearly dries. DO NOT ALLOW TO DRY ON SURFACE.

**Step 4** Re-wet surface with clean water to flush, then polish dry with absorbent towels.

**Step 5** Polished surface restored & light scratches & etching removed. Seal with an Aqua-Seal sealer.

**MADE IN AUSTRALIA**
