

Blast HD™

Industrial Strength Problem Solver

How it works: The Aqua Seal STS™ Product Trouble Shooting Guide covers the most common application issues and problems associated with each Aqua Seal STS™ product.

Problem: If the product problem you are experiencing is not covered by the Product Trouble Shooting Guide then it is most likely job specific. Please contact Aqua Seal STS™ direct for more detailed advice and information.

Solutions: The solutions described are not necessarily the only way to solve the specific problem. They are based on giving you the most efficient & direct solution without resorting to more complex solutions that may require a professional trades person. If the solutions outlined do not solve the problem it is most likely job specific. Please contact Aqua Seal STS™ direct for more detailed advice and information.

Note: Always read entire product label, SDS & product technical bulletin before using. Do a test area first.
